### FACTS

I.I3. This is a Federal Tort Claims Action for monetary damages sustained by Plaintiffs arising out of the personal injuries to DUCKHEE and JUNGSOON LEE as a result of the negligent operation of a vehicle by Sgt. Andrew Mellick.

I.I4. On the evening of October 6, 2016, a vehicle fire at the 453-mile marker, on eastbound Interstate 10 had blocked and backed up traffic for at least two hours. The sky was cloudy. The weather and roadway was dry and without rain. Texas Troopers were present on the scene, directing traffic.

I.I5. Sgt. Andrew Mellick was driving east on IH-10 towards Junction, Texas in a silver 2012 Chevrolet Silverado. He was dressed in a military uniform and, upon information and belief, under orders to return to Fort Sam Houston, Texas. Sgt. Mellick fell asleep at the wheel and crashed into the line of cars backed up at mile marker 450. The section of IH10 where the crash occurred is straight and vision was not impeded by hills, trees, or other natural features.

I.I6. Upon information and belief, Sgt. Mellick was previously in Fort Huachuca, AZ completing training for the military. He was on Temporary Duty Status with specifically authorized travel to Texas in his personally-owned vehicle. Sgt.

Mellick was tired after a long drive late in the evening, driving to fulfill orders from his superiors employed by the United States. The United States of America, by and through its employees or agents, instructed—either expressly or impliedly— Sgt. Mellick to take the most direct route and provided him a limited amount of time to do so.

1.17. Sgt. Mellick crashed directly into a white Toyota Scion, with Duckhee Lee in the driver's seat. Jungsoon Lee was a passenger. Duckhee and Jungsoon were wearing their seatbelts. Sgt. Mellick was traveling over 85 miles per hour in an 80 mile per hour stretch of highway when he crashed into the Lee's car. There were no skid marks left by Sgt. Mellick's truck, indicating that he did not apply his brakes.

1.18. Sgt. Mellick did not exercise reasonable care when he rear-ended the Lee car. He failed to exercise reasonable care when he fell asleep at the wheel. And he failed to exercise reasonable care when he exceeded posted speed limits. Pursuant to Texas Transportation Code § 545.353(a)(1) and § 545.353(h-1) exceeding the posted speed limit of 80 miles per hour on IH10 is prima facie evidence that such speed is not reasonable and prudent and is unlawful. Sgt. Mellick failed to obey Texas Transportation Code § 545.351(c)(5) when he failed to reduce speed and stop at the row of cars stopped as a result of a pre-existing road hazard.

1.19. Failure to keep a proper lookout, falling asleep at the wheel, speeding, or a combination of this conduct caused Sgt. Mellick to rear-end the Lee car. Sgt. Mellick had crashed into the Lee's car with so much force, the Lee car was forced into a Ford F250 pickup truck, which in turn crashed into a silver Chevrolet Dually pickup truck. All cars and trucks—other than Sgt. Mellick's—were stopped and waiting for the fire to clear.

I.20. The Lee car was totaled. All windows were broken and demolished. There was extensive damage to all panels. The frame was demolished. There was roof damage from roll over effects. Air-flight was contacted and Mr. Duckhee Lee was in critical condition. Mrs. Jungsoon Lee was still trapped in the vehicle. Officers on the scene suspected that she was dead. Volunteer firefighters on the scene had to extract Mrs. Lee from the wreckage. Soon after, Air-flight arrived and transported Mr. Lee to Shannon Hospital. Mrs. Lee was extracted from the vehicle and pronounced dead at 12:20 am.

I.21. Sgt. Mellick woke up, exited his vehicle and asked witnesses "Did I do this?" Sgt. Mellick refused medical attention multiple times. After the crash, Trooper Whitney Gardner approached Sgt. Mellick to ask him questions about the crash, but Sgt. Mellick said he wanted his lawyer and refused to answer any questions. Afterwards, Sgt. Mellick made a phone call. Soon after the call, an unknown United States Army employee in uniform arrived and talked to Sgt. Mellick. The two men waited and talked together until Sgt. Mellick's wife arrived to pick him up and drove him away from the scene.

I.22. Texas troopers issued Sgt. Mellick a citation for failure to control speed. At the time of the crash, and at all times on October 6, 2016, Sgt. Mellick was subject to the military law and the Uniform Code of Military Justice. Initially, local and state authorities investigated pursuing vehicular manslaughter charges against Sgt. Mellick. Soon after, however, the United States military assumed full responsibility of the investigation and pursued criminal charges. The United States is currently conducting a criminal investigation court-martial of Sgt. Mellick arising out of this car wreck.
